

CDBWM8281-M-1-REV1 Schematic and Layout

INTRODUCTION

This folder contains the CDBWM8281-M-REV1 Schematic and Layout information to be used with the evaluation board, as well as a reference for further product development. Reference device can be seen in Table 1.

Board Reference	CDBWM8281-M-REV1
Board Type	Mini Board
Wolfson Device	WM8281
Date	May 2015

Table 1

CONTENT

The content of the folder can be seen in Table 2 the schematic diagrams are provided along with the layout. Order information is provided in the Bill of Materials.

IMPORTANT NOTICE

Wolfson Microelectronics plc ("Wolfson") products and services are sold subject to Wolfson's terms and conditions of sale, delivery and payment supplied at the time of order acknowledgement.

Wolfson warrants performance of its products to the specifications in effect at the date of shipment. Wolfson reserves the right to make changes to its products and specifications or to discontinue any product or service without notice. Customers should therefore obtain the latest version of relevant information from Wolfson to verify that the information is current.

Testing and other quality control techniques are utilised to the extent Wolfson deems necessary to support its warranty. Specific testing of all parameters of each device is not necessarily performed unless required by law or regulation.

In order to minimise risks associated with customer applications, the customer must use adequate design and operating safeguards to minimise inherent or procedural hazards. Wolfson is not liable for applications assistance or customer product design. The customer is solely responsible for its selection and use of Wolfson products. Wolfson is not liable for such selection or use nor for use of any circuitry other than circuitry entirely embodied in a Wolfson product.

Wolfson's products are not intended for use in life support systems, appliances, nuclear systems or systems where malfunction can reasonably be expected to result in personal injury, death or severe property or environmental damage. Any use of products by the customer for such purposes is at the customer's own risk.

Wolfson does not grant any licence (express or implied) under any patent right, copyright, mask work right or other intellectual property right of Wolfson covering or relating to any combination, machine, or process in which its products or services might be or are used. Any provision or publication of any third party's products or services does not constitute Wolfson's approval, licence, warranty or endorsement thereof. Any third party trade marks contained in this document belong to the respective third party owner.

This Header file and schematics attached is not to be reproduced under any circumstances.

Any representations made, warranties given, and/or liabilities accepted by any person which differ from those contained in this document or in Wolfson's standard terms and conditions of sale, delivery and payment are made, given and/or accepted at that person's own risk. Wolfson is not liable for any such representations, warranties or liabilities or for any reliance placed thereon by any person.

This Header file and schematics attached is provided 'As Is'. No representations, conditions, warranties or other terms of any kind are given in respect of the information contained herein, and all statutory warranties and conditions are excluded to the fullest extent possible.
